The following is an examiner's statement of reasons for allowance: applicant claims a slicer comprised of pivoted handles attached to the ends of an arcuate resilient plate. The handles have a recessed portion. A plurality of blades having one end connected to the arcuate portion and second ends fixed at the recess area are also claimed. A spring for the handles is claimed. The prior art shows segmenters, some with x-hinged or crossed handles. Also avocado style cutters are shown i.e. with an arcuate blade and radiating blades. None show or suggest the claimed combination of x-handles with an arcuate blade and radiating blades that is set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Douglas D. Watts whose telephone number is (703) 308-0153. The examiner can normally be reached on Mon.-Thurs..
